

nora nTx

It's a question of time.

NOW AVAILABLE!

Dear Partner,

nora nTx is a revolutionary self-adhesive flooring system that reduces installation time and dramatically lowers the total cost of your flooring project.

Features and benefits at a glance:

- ✓ Fast and simple laying in just a few steps
- ✓ Works perfectly even with high residual moisture levels
- ✓ Can be directly laid on existing floor coverings
- ✓ No need to interrupt your daily work
- ✓ No drying or waiting time
- ✓ Can be used immediately after laying
- ✓ Suitable for new builds or renovation and almost all application areas
- ✓ Complete system from a single supplier
- ✓ Minimised downtime - economical for operators of buildings with share-use areas
